Edited by / Publiées par / Uitgegeven door J. A. H. (Hans) Bots (Series ISBN 978 90 302 1000 1 / ISSN 0927-1864)

In this series studies and monographs are published on the various aspects of the Republic of Letters, the history of ideas, and on scholars in the 17th and 18th centuries (Enlightenment).

Emphasis is on the international scholarly contacts and the absorption and digestion of new ideas. The volumes are well documented with texts, annotations and references.

Les travaux de la série SIB mettent particulièrement en valeur l'histoire de l'érudition et des idées du XVIIe et XVIIIe siècle (Siècles des Lumières) et par là même les échanges intellectuels et le mouvement et la réception de nouvelles idées en Europe. Les volumes sont accompagnés de textes annexes – souvent publiés ici pour la première fois – des annotations, de bibliographies et d'index généraux et particuliers.
